

Application No.: 09/917069

Docket No.: 09082-00002-US

REMARKS

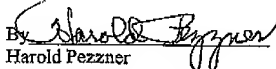

This application has been carefully studied and amended in view of the Office Action dated November 6, 2003. Reconsideration of that action is requested in view of the following.

Claim 31 has been amended to address the informality. In that regard, as now amended Claim 31 recites that the complementary mounting structure is removed "with said wipe" when the wipe is detached. If Examiner Cole prefers any alternative language she is requested to telephone the undersigned attorney.

The indication that Claims 27-30 are allowable is noted with appreciation. In order to advance the prosecution of this case, former independent Claims 1, 20 and 25 have been canceled. Where appropriate various claims which had been dependent thereon are now dependent directly or indirectly on Claim 27. In order to provide the antecedent basis for some of the claim language in those dependent claims new Claim 32 has been added which is dependent on Claim 27 and recites a wipe as being in combination with the cover.

Since all of the claims now pending have been indicated as being allowed or are dependent on an allowed claim this application should be passed to issue.

Respectfully submitted,

By
